MR. MANISH VYASFounder & Chairman

Vyas Medicity, Jodhpur will be Rajasthan's first and only digital hospital with world-class advanced technology equipped with high-end pieces of equipment & state-of-theart infrastructures to meet all high standards of healthcare through highly skilled medical, paramedical, and nurses staff implying all 3 A's of healthcare accessibility, availability, assurance to cater the needs of patients in the most friendly environment. With a strong belief in empathy, compassion, and care.

Vyas Medicity will provide focused and protocol-based treatment specialties with an objective of healing and soothing.

MRS. ASHA VYAS Managing Director

The mission of Vyas Medicity will be to bring healthcare to the masses with keeping in mind affordability. We at the Vyas Medicity will trace progress by focusing on service quality and an overall superb patient experience. We will make an effort to combine the most straightforward scientific method with caring and comprehensive treatment. We also think that giving patients a better grasp of the treatment plan or process will make them more willing participants in their care.

Our Mission

To establish a global healthcare delivery system that would be accessible to patients, and maintain the hospital's competitive edge through the provision of high quality care and evidence.

Our Vision

Vyas Medicity commits itself to be fully equipped with a world class healthcare facility that would have universal access to high standards of clinical expertise and healthcare services to all.

Our Values

- Empathy
- Teamwork
- Integrity
- Excellence
